We easily get attached to our  
location

[thesouthsidechurch.org](http://thesouthsidechurch.org)

but relocation takes us to a  
place of trust.

[thesouthsidechurch.org](http://thesouthsidechurch.org)

**We easily get comfortable in our location, but relocation often takes us someplace better.**

We easily get distracted by here and now but relocation impacts the future (and eternity).

Taking your next step with God  
sometimes means moving.

We believe that God is leading  
our church to make a long-term  
relocation to the Long Center.

**God is leading us.**

No, we didn't get "a sign."

We do have some solid rational reasons.

There is one amazing coincidence.
